Tel. (703) 639-6920

A new group, the Maryland Sporting Dog Association, has been formed which is planning to sponsor, not only bench shows, but also an annual field trial and obedience trial.

Remember that now is the time to send your dues (\$10) to the treasurer. Failure to do so will mean that your name will be deleted from the Potomac Labrador list. You wouldn't want that to happen, would you?

Are you aware of the work that the American Dog Owners Association, Inc. has been doing to expose the extent of organized dog fighting in the United States and the need for federal legislation to put an end to it? To support legislation to stop animal fighting and the interstate transportation sale of animals for fighting purposes write to Senator Warren Magnuson, Room 127, Russell Senate Office Bldg., Washington, D.C. 20510.

Note to breeders: Don't send a new pup home on Christmas Day to be mauled and broken with the rest of the toys. A picture under the tree will not suffer from the noise and confusion, and the pup will have a better chance to begin a happy life in his new home a few days later.

FROM THE EDITOR

You will notice that we have a new name and a new look. Newsletter has come of age and become The Potomac Labrador, a name which will identify our publication as belonging to the LRCP. We hope you like the new look. The familiar Labrador head which has become our logo will be back on the next issue.

My apologies to those who sent in material which could not be used this time. All of it was good. Only time, space and money prevented its use. This is a most unusual organization in that it is the only one for which I have ever written in which the members actually send it material. It makes the job a real joy.

What kind of balance do you want between statistical information and feature material? This issue is heavy on show results, which is possibly the material of greatest utility to a majority of our members. There are a number of other topics which might be helpful or interesting to all Labrador owners, even if they are not breeders or regular exhibitors. When space is short and expenses are mounting some rating scale must be used to decide which materials have top priority. Your comments, please.

1975 LABRADOR SPECIALTY NOTES George Bragaw

The Club has been notified by the Rock Creek Kennel Club that all three of the judges invited to the 1975 Labrador Specialty Show have accepted.

Subject to AKC approval, judges for the mid-October show at Gaithersburg, Maryland, will be Mrs. L. G. Kinsella of England; Mr. Carl Tuttle, Rectortown, Virginia; and Mr. Jerry H. Weiss, Huntington, L.I., New York. Mrs. Kinsella will judge the class bitches, intersex and all non-regular classes. Mr. Tuttle will do the class dogs, and Mr. Weiss will judge Sweepstakes. This will be the first time that the Labrador Specialty show has had a Sweepstakes entry.

Other activities planned in conjunction with the show include a working certificate test the day prior and a Club dinner following the Sunday specialty. The Potomac Club is hosting the 1975 event in what hopefully will establish a pattern of association between the national club and the ever-growing number of local Labrador specialty clubs.

To raise money for the Specialty weekend events the Club will sell a number of excellent Labrador field prints. A picture of the print and further information appears elsewhere in this issue. A raffle of a humongous basket of cheer will also be held.

POTOMAC MEMBERS SWEEP IN NATIONAL SPECIALTY SHOW

George Bragaw

It was a great late September Saturday for members of the Potomac Club at the Ox Ridge National Specialty show as almost all the major awards and many of the prestigious class awards went to our group.

The highlight was, of course, Connie Barton's piloting Liz Clark's lovely black bitch, Ch. Kimvalley Picklewitch to Best of Breed over the largest entry of Labradors ever assembled on this side of the Atlantic. Mrs. Gewn Broadley, the first lady of Labradors, drew 239 dogs totaling 263 entries. It was nearly a third more than the record 193 entry of Stanley Dangerfield at Trenton four years before.

Standing behind "Pickle" was Don and Diana Beckett's yellow bitch, Sandylands Viscum Honeysuckle, who was Mrs. Broadley's Best of Winners selection. Best of Opposite Sex was Robert E. Matthews robust yellow, Ch. Barnaby O'Brian C.D., last year's Specialty winner from San Jose, California. ("Pickle" was last year's Best of Winners." O'Brian was followed by another club member as Tom Feneis' yellow (now Ch.) Cedarhill Sundance Kid was Mr. James Warwick's selection as Winners Dog. The Brood Bitch and also the Veterans winner was Mrs. Clark's Ch. Kenbara Jill. Jill was the dam of three champions who remained among the last of 16 of 60 who had answered the call for the final Best of Breed judging.

In the classes two other members had double headers. Beth Sweigart won both junior puppy classes with her litter mates, one black, one yellow, by Ch. Poolstead Peer. Yar-row's Pocahantas was a junior winner under Mrs. Broadley.

Nancy Martin scored with a pair of bitches. Meadow-rock's Fudge of Ayr was first in Novice, and Ayr's Pooh Bear was first in Bred By. "Fudgie" is the first chocolate to have placed that high in a National Specialty.

In the Junior puppies, club members nailed down seven of the eight places, and in the other classes another 12 placements in addition to the winners.

A REPRODUCTION OF THE CATALOGUE FROM THE NATIONAL SPECIALTY FOLLOWS.
